Where is the ScienceCam most often used?

COURTROOMS

The ScienceCams's powerful zoom, high resolution, and flexible design make it ideal for displaying documents and evidence to juries, making it a courtroom staple.

CLASSROOM EDUCATION

Zoom in on excerpts or share objects with your class. Demonstrate lessons live or play back a pre-recorded session.

CONFERENCE ROOMS

Share, mark up, and collaborate on documents with your team in real time.

ready to use on its own.

NO COMPUTER REQUIRED

The ScienceCam's **built Bin memory and USB Port** allows you to save, replay, and share captured still photos or video without the need for a connected computer.

gooseneck design

FLEXIBLE TO CAPTURE ANY ANGLE

This portable document camera is the ultimate in flexibility, with a bendable gooseneck that can show an object at any angle and even adapt to a microscope.
